MEMORANDUM FOR: Deputy Director (Intelligence)

1. As the DCI pointed out at the morning meeting of 17 January, it is very important that Agency publications and briefings at the morning meeting take care to include intelligence pertaining to potentially explosive situations throughout Latin America. There is a need to make as specific as our information will permit the kinds of events which may occur and to warn of their consequences.

2. To help meet this problem, I would like you and the DD/P to insure that there is maximum rapport and liaison between DD/I and DD/P Latin American analysts.
